Masai School

B.Tech (Computer Science)

SVN Institute of Technology, UP

Skills & Framworks

- Javascript (ES6)
- React Js
- Typescript
- HTML 5
- CSS 3
- Java
- Sass
- Redux
- And Design
- Storybook
- Zustand
- Git & Github

Soft Skills

- Teamwork (Remote & Collaboration)
- Problem-Solving Skills
- Adaptability
- Time Management

Experience

Jan 2022 - Present

Qapita Fintech India Pvt Ltd.

Qapmap

Qapita Qapmap is a product that helps companies manage their capitalization table, which is a spreadsheet that shows the ownership structure of a company and the ownership percentages of each shareholder. Qapita Captable allows companies to keep track of their equity ownership and to make more informed decisions about equity transactions such as fundraising, share issuances, and equity grants.

Front-End Developer

- Worked on new feature enhancement for the Qapmap product using the following tech stack: React.js, TypeScript, SCSS, Ant Design, Redux, and Zustand.
- Collaborated with the Project Manager, UI/UX Designer, and Tester to understand the requirements and objectives of the project.
- Developed reusable components on Storybook, utilizing the tech stack of React.js, TypeScript, SCSS, and Ant Design.
- Participated in Agile ceremonies, including daily stand-up meetings, sprint planning, sprint reviews, and retrospectives.
- Collaborated with the team to break down project tasks into manageable user stories and estimated the effort required for each.
- I also worked on support tickets, debugging and fixing reported bugs from clients or testers.

Certificates & Achievments

- Full-Stack Web Developer certificate from Masai School.

Interests

- Indoor/Outdoor games
- Reading books and articles related to technology.
- Watching movies and web series
